SUMMARY

Aspiring Software Developer with hands-on experience in Java Spring Boot, backend development, and building scalable web applications. Skilled in RESTful API design, database management (MySQL), and debugging. Currently pursuing graduation while seeking to contribute to innovative projects and enhance technical skills in a professional environment.

EDUCATION:

VHS High School, Pune		
Percentage: 92.60	SSC	2019 – 2020
B.E.S. & Junior College		
Percentage: 78.67	HSC	2020 – 2022
Dr. D.Y.Patil Institute of Technology, Pimpri		
CGPA : 9.01	B.E ENT C	2022 – 2026

SKILLS:

- **LANGUAGES** : JAVA , CPP, SQL
- **FRONTEND** : HTML,CSS,Angular-18
- **Testing** : Junit, Mockito
- **BACKEND** : Core Java , Java , Spring boot , Hibernate , Spring MVC , Micro Service architecture , JPA , Tomcat .
- **DATABASE** : SQL , MySQL
- **Tools** - Figma , VsCode , Eclipse , Postman , IntelliJ , GitHub ,
- **Cloud Platforms** : AWS (EC2 , S3 , RDS IAM , EBS)
- **Operating Systems**: Linux/Unix, macOS
- **Design** : Microservice Architecture

PROJECTS:

Task-Management System [Click Here](#)

- Built with Java Spring Boot, Angular, MySQL.
- Features task creation, assignment, role-based access.
- Uses JWT for secure, scalable task management.

Income -Expense Tracker [Click Here](#)

- Developed using Java Spring Boot, Angular, MySQL.
- Includes chart APIs for real-time financial visualization.
- Offers intuitive transaction tracking.

PROFESSIONAL EXPERIENCE:

Software Engineering Intern

Multigenesys Software Pvt Ltd | December 2024 - Present

- Developed scalable microservices with Java 8 and Spring Boot, using functional and reactive programming.
- Implemented advanced authentication for enhanced security.
- Optimized caching and session management with Redis, boosting API response times by 40%.
- Deployed secure and scalable systems on AWS (EC2, S3, RDS).
- Collaborated in Agile (Scrum) environments for efficient project execution and client-driven improvements.

Software Engineering Intern

AgroBeet Tech Solutions | September -December 2024

- Designed and developed REST APIs with Spring Boot, leading a small team in feature development.
- Integrated Firebase and AWS (EC2, S3) for scalability and performance.
- Strengthened backend skills, React integration, and API creation.
- Gained experience in mobile app deployment and cloud services.
- Coordinated tasks and supported the team during deployment.

CERTIFICATION & ACHIVEMENT:

• **Java Programming:**

Completed an intermediate-level Full-Stack Java program at Linkcode Technology.

• **Academic Achievement:**

Ranked as the top performer in the department during the last semester, demonstrating strong subject mastery and academic excellence.

EXTRA-CURRICULAR / AWARDS:

• **Event Management Head** : E&TC Coding Club:

Organized technical events and workshops.

• **NSS Member:** Contributed to various community service projects.

• **Hackathon Participant:** Showcased problem-solving skills in time-sensitive challenges.
